This Weeks Assignments

1. Continue your work in Pentatonic Power.
2. Watch this weeks videos and apply the material to your own playing.
3. Analyze the solos. This is an important skill for you to develop as you move forward. There are no right or wrong answers here, just your perspective as to what you think is taking place.
4. Make a game out of your soloing. Try to see how much music you can make out of three or four notes.
5. Do not over play. It's common to want to play too much when you are just starting out. keep it simple.
